VANQUISH TECH

Introduction

Our Approach: Client-First, Always.

At Vanquish Tech, we start by stepping into your world, understanding your environment, culture, and goals before recommending any solution. We believe meetings are the heartbeat of modern business and when technology fails, productivity suffers. That's why we focus on creating reliable, intuitive AV experiences that empower seamless collaboration from anywhere.

Our approach blends technical excellence with a human touch, delivering tailored solutions that support how your teams work. From design and installation to ongoing support, we act as an extension of your team, trusted across the UK, Ireland and the US for our scalable systems, flexible commercials and proactive, accountable service.

We think like the client

What makes us Unique

1 **Client Perspective**

We design with end-users in mind, drawing on client-side experience.

2 **Multidisciplinary Skills**

AV and IT integration for secure, scalable performance.

3 **IT Project Managers**

Expert guidance across teams and projects.

4 **Microsoft Specialists**

Seamless integration with internal IT systems.

5 **Network Experts**

Resilient, optimised solutions for complex environments.

6 **Ongoing Support**

Support continues well beyond handover.

Tailored AV Solutions

Value that never stops giving.

Tailored Technology Expertise

Connect your business to the world.

We design and deliver bespoke IT and AV solutions tailored to your business built for performance, scalability and long-term value.

Consultancy that makes eveything

Consultancy that transforms ideas into immersive realities.

Every great experience starts with a vision, we shape intelligent AV solutions that bring your space and story to life.

Design that makes all the difference

Bespoke designs, shaped by insight and crafted to elevate.

We begin by understanding your space and vision, then craft bespoke solutions that blend form, function and future-ready design.

Procure and Logistic Management

Unbiased sourcing. Seamless delivery.

Vendor-neutral by design, we source the best-fit technology to suit your vision, managing procurement and delivery end-to-end.

Build and Integrate with your team

Built to perform. Integrated to last.

We deliver expertly integrated AV systems, on time, within budget, and fully documented. Every build balances innovation, sustainability, and security to meet the highest standards of performance and longevity.

Optimising your investment

We don't just install, we innovate.

Our goal is to help you maximise every element of your investment, unlocking the full power and performance of your technology.

Optimisation and Support

Always On.
Always There.

We continuously optimise your AV systems through performance tuning, smart upgrades, and workflow refinements to maximise ROI and extend value over time.

1

IT Service Desk and Support

Our support offering is flexible and responsive: Choose from 8-hour, 4-hour, or even a dedicated on-site engineer for immediate assistance, all tailored to your specific operational needs.

Client Portal: Log tickets, track progress, and view case history.

Priority Response: 30min response for all P1 issues.

Account Management: Dedicated manager for strategic support.

Tailored SLAs: Flexible 4h, 8h or next-day remote/onsite support.

2

Preventative Maintenance

Included yearly in your support, our AV audit ensures reliability and future planning.

Firmware Updates: Check hardware and warranties Assess firmware for updates or security fixes.

Critical Spares: Inspect critical spares onsite.

Continous Review: Review support tickets for recurring issues that might arise.

SLAs: Confirm SLA terms and response processes.

3

Governance Reporting

We don't just promise, we prove it. We deliver scheduled governance reports that give you clear visibility into service performance. These include:
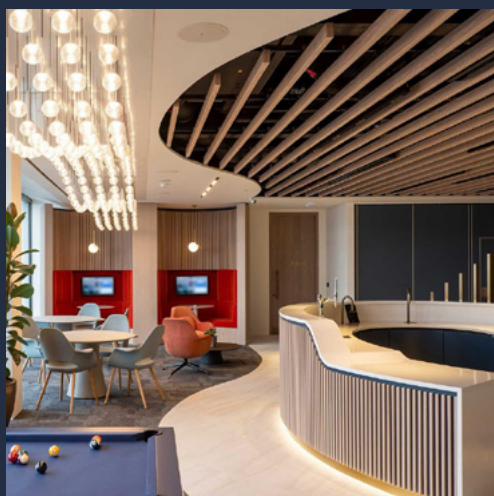

Reporting: Incident and request volumes SLA achievement rates.

Response: Response and resolution times root cause analysis and trend insights.

Emmersive AV Options
Designed to Engage.

Receptions and Lobbies

Connect your business to the world.

Create an unforgettable first impression. Our AV solutions for receptions and lobbies immerse guests in your brand through digital displays, ambient sound, and interactive signage that share culture, welcome messages, live updates and more. Where technology meets identity.

Executive Boardrooms

Consultancy that transforms ideas into immersive realities.

Empower decision-making with seamless, secure, high-performance tech. We design boardrooms that prioritise clarity, reliability, and ease of use—integrating advanced conferencing, high-res displays, and intuitive controls to elevate strategic meetings.

Small Meeting Rooms

Bespoke designs, shaped by insight and crafted to elevate.

Designed for focus and function, our AV solutions for smaller rooms make every meeting productive, whether in person or hybrid. With plug-and-play ease, clear audio, and flexible video, teams can connect and collaborate seamlessly.

Breakout & Entertainment

Designed to enhance collaboration, relaxation, and engagement in a dynamic work environment.

These spaces encourage you to step away from your desk and into an environment designed to reset, recharge, and reignite creativity. Whether it's for informal catch-ups, solo reflection, or spontaneous brainstorming, we create versatile zones that support wellbeing and unlock fresh thinking, blending comfort with purpose to fuel the modern workday.

User Environments

Designed to enhance productivity, collaboration, and flexibility, our user environments are thoughtfully curated to inspire clarity and focus. We craft clean, creative, and intuitive spaces that eliminate complexity and foster innovation enabling teams to perform at their best in an environment built for purpose and performance.

Large meeting Rooms

Designed to accommodate 10 or more participants, these spaces are equipped with advanced AV technology to support seamless in-person and remote collaboration. From intelligent ambient sound and lighting control to integrated room booking systems and immersive displays that deliver crystal-clear visuals, we create meeting environments that are intuitive, impressive, and built for performance at scale.

Auditoriums

Deliver large scale experiences with clarity and impact. From immersive sound to high definition projection and intelligent lighting, our auditorium solutions are designed for performance supporting presentations, keynotes, and events that demand presence and precision.

Hospitality

We deliver tailored audio-visual solutions that elevate your brand and immerse your guests in a seamless, high-end digital experience setting a new standard for luxury hospitality. From in-room entertainment systems and smart guest room controls to business centres, gyms, residential suites, and private cinema rooms, we design and integrate AV environments that enhance every touchpoint of the guest journey.

Classrooms

Enhance teaching and learning with intuitive AV systems built for education. We integrate reliable, easy-to-use technology that supports hybrid delivery, interactive lessons, and flexible classroom setups empowering both educators and learners.
